Lazuli Island

The tropical island of Lazuli is in a big ocean; the water around Lazuli is blue and warm. It is full of ordinary and extraordinary creatures. There is Giraffe, with its long neck and six legs. There is Dolphin, a big pink and grey fish with three eyes. There are beautiful flowers with a secret language, small colourful fish in the sea, funny birds and there are fairies, young girls with magical powers. Lazuli is a really calm place: it's like paradise.
